S. adviſing, that on the firſt Notice he had received of the Plague's being broke out at Marſeilles, he had cauſed ſuch Care to be taken by Guards kept at the Ports and round the whole Iſland, that no kind of Veſſel from the Coaſt of France had been admitted into any Part of Minorca, but obliged to retire from that Coaſt; particularly the Packet-Boat of that Iſland, employed to carry Letters to and from Marſeilles, arriving from Marſeilles on the 16th of Auguſt, O S. was obliged to anchor without the Port, no Perſon was permitted to go aboard her or to come from her; and ſhe was forced to put to Sea again. Letters from the Conſul of this State at Marſeilles of the 8th Inſtant adviſe, that from the 5th to the 6th Inſtant there died 214 Perſons, from the 6th to the 7th 230, and to the 8th in the Morning 86; and that the Officers of the Town with 40 Grenadiers of the Gallies and 200 Slaves, had gone about the City, and taken away all the dead Bodies which for ſome time had lain in the Streets and increaſed the Infection; the Number of the dead of the Plague in that Town and Neighbourhood to the 8th Inſtant, was reckoned to be 18000: Laſt Night arrived Letters from the forementioned Conſul, dated the 12th, adviſing, that the Fevers which till then had brought on the Mortality, were turned into large Tumours breaking out on the Shoulders, Arms, and Neck; that ſome ſo affected had been cured; that from the 8th Inſtant to the 9th there died 208, from the 9th to the 10th 165, from the 10th to the 11th 121, and from the 11th to the 12th in the Morning 73; that the Duke Regent had nominated M. de la Geran Commander of the Gallies, Governour of Marſeilles; and that they were in hopes of better Government and ſtricter Obſervance of Orders, from the ample Commiſſion given him. This Republick has interdicted all Correſpondence with Tuſcany, the great Duke having done the ſame ſome time ago with reſpect to this State, without any known Reaſon. We do not hear that the Plague is got as yet into any Part of Italy.

Since the General Court, Stock is conſiderably advanced.

Whereas in purſuance of a Warrant from his Majeſty, the Government of Ireland have lately erected a Light-House at Loop-Head, at the Mouth of the River Shannon, on the Weſtern Coaſt of that Kingdom; it is thought proper to adverteſe the Publick thereof, that the Merchants of Great-Britain may give Notice of it to the Commanders of their Ships which may come on that Coaſt by Night, in order to prevent the ill Conſequences of their being ſurprized or thinking themſelves on any other Coaſt.
